If you cannot find your cartridge, contact the vendor for that category.

All products sold by Printer Essentials carry a 100% Unconditional Guarantee to perform equal to or better than the OEM original. If a Printer Essentials product has been found to damage the machine that it is intended for, Printer Essentials will pay for reasonable and customary charges to repair or replace the machine at our discretion.

Under normal use and storage conditions, Western Point Products has a Complete Satisfaction Guarantee on all their compatible or remanufactured products for a period of one year. WPP also warrants that their products will not cause damage, abnormal wear, or deterioration to the printer, copier, or fax machine in which it is used. WPP will replace or refund the cost of faulty supply item and repair, or reimburse you for charges necessary to repair equipment. Return the cartridge doing the damage along with a signed, written statement on company letterhead along with a copy of your invoice showing cartridge purchase and your claim will be processed quickly.

Compatible and Remanufactured Ink Jet & Toner Cartridges (now called 'after market' toner) Our research into 'compatible' and 'remanufactured' cartridges showed that there is little difference between the two products, and they are currently being labeled as 'after market' cartridges. Customers should be more concerned with the reseller's statements backing their products, which include a good cartridge warranty as well as a warranty for repairing or replacing your printer, in the event your machine is damaged because of their product.

All purchase orders should be made out to the vendor and fax to IEC AV/Computer Co-op at 319-752-7525
