If you cannot find your cartridge, contact the vendor for that category.

Intec, a Premium Brand Product, guarantees the quality and workmanship contained within all of the products they sell. Premium Brand Products are backed with a 100% Unconditional Guarantee that ensures these products will meet or exceed the OEM original performance specifications. They also include a full Printer Protection Warranty covering all equipment in which Intec/Premium Imaging Products are used. For repair claims, contact Midwest Computer Products, 800-231-1199.

Compatible and Remanufactured Ink Jet & Toner Cartridges (now called 'after market' toner) Our research into 'compatible' and 'remanufactured' cartridges showed that there is little difference between the two products, and they are currently being labeled as 'after market' cartridges. Customers should be more concerned with the reseller's statements backing their products, which include a good cartridge warranty as well as a warranty for repairing or replacing your printer, in the event your machine is damaged because of their product.

All purchase orders should be made out to the vendor and fax to IEC AV/Computer Co-op at 319-752-7525
