### TRIPOD: Video Tripod

#### Video Tripod - Bogen 501HDV028B

Manfrotto's 501HDV pro video head features a fixed counterbalance spring set for a typical weight of camera + accessories of 5.5 lbs (2.5 kg) that helps ensure both smoother tilt movements and greater equipment safety even when tilt locks are inadvertently left off. The easy-to-reach on/off switch allows the counterbalance system to be disengaged or re-engaged for different filming setups. With its improved design, the 501HDV head offers more ergonomics with locks and knobs that allow a more solid grip and better fingertip control. Strong and sturdy, the 028B Trimap tripod has a geared center column with a non roll-back feature and a threaded 3/8" mount on the bottom of the column to allow low angle shots. Twin shank leg design, built-in spirit level and rubber feet with retractable spikes are standard features. The tripod uses a center column strut design for added stability. Includes a mid level spreader and carrying strap. Ideal for cameras up to medium format.

**Order # 27670**  
**Co-op Price: \$417.89**  
 MSRP: \$489.00

Vendor: Troxell Communications, Inc.

#### Light Weight Tripod w/ Micro Fluid Head - Manfrotto 190XB,128LP

The Manfrotto 190XB Tripod Legs with 128LP Micro Fluid Head builds on the success and popularity of the 3001 series, and has now been redesigned to offer better ergonomics of the leg-angle release mechanism and improved quick-action leg locks. It is a lightweight, compact and sturdy tripod, ideal for 35mm or digital SLR cameras, light medium format cameras, or compact camcorders, especially when on the move outdoors. The 128LP Micro Fluid Head is perfect for just about any of the new lightweight camcorders. It pans a full 360° smoothly and can be tilted up or down 90°. Has Pan and Tilt locks, a continuously adjustable positioning slot for best camera balance, and is designed so that the handle can be on either the left or right side.

**Order # 27700**  
**Co-op Price: \$192.11**  
 MSRP: \$240.00
