### WHITEBOARD: EBeam and Accessories

#### Interactive Whiteboard - EBeam Edge Projection 46001840

Transform existing classroom whiteboards and walls into interactive teaching spaces with the eBeam Edge. About the size of a board eraser and lighter than a box of chalk, the eBeam Edge for Education is the most fully-featured mobile interactive whiteboard system on the market. eBeam Edge for Education has rich curriculum resources built right in to make lesson planning easy. Installation takes minutes and requires no special tools. The portable unit works with standard projectors and both Windows and Macintosh computers. Features: less than 8 inches; less than 4 oz.; up to a 9' x 5' (123" diagonal) projected image; Can be placed along any "edge" of the board; Integrated receiver magnets make attaching to a metallic board a snap; Includes stainless steel mounting plate for no-fuss installation on non-magnetic surfaces; Smaller than a regular whiteboard marker; Three-button stylus with left and right click and instant access to eBeam software tools; Newly designed hardware and firmware allow for virtually no lag time between pen and pixel; Includes: Receiver, Stylus, AAA battery, Mounting Plates. Software

#### EBeam Inscribe 200E Wireless Tablet - EBeam Inscribe 200e 46000811

Seamlessly integrated with eBeam Scrapbook, the Inscribe 200e offers a unique dual input feature with the tablet and the Interactive Stylus. The eBeam Inscribe 200e wireless tablet allows users to perform familiar mouse functions and utilize all the features and functionality of standard software applications from anywhere in a conference room, classroom, or large meeting space. The tablets are lightweight and compact; yet provide ample workspace for efficient desktop and program navigation and input. Through a seamless integration with eBeam Scrapbook, the Inscribe 200e offers a unique dual input feature with the tablet and the interactive stylus. While someone is drawing in Scrapbook with the tablet, someone at the board can simultaneously use full mouse-functionality to drag in images, edit strokes, or set up a shared meeting. In the Box eBeam Inscribe 200e wireless table; eBeam Inscribe Stylus; CD with drivers.

### 95" Dual Board Interactive Whiteboard - eInstruction 95" Dual Board Wireless

95" wireless Dual Board, aspect ratio 16:9; radio frequency connection, 2 rechargeable pens, recharger, wall mount. DualBoard is the next generation interactive whiteboard. It, allows two people or teams to work at the board, and manipulate and annotate over lesson content simultaneously. Teachers can also select from a "Sandbox" mode or "Split Screen" mode to provide multiple ways for the class to collaborate around digital lesson materials. The Sandbox mode allows students to work in the same area of the display. The Split Screen mode lets the teacher assign each student or group to a separate portion of the display area. It also functions as a standard dry erase board, so markers can be used and easily erased.

### Mobile Interactive Whiteboard - eInstruction MobiKWIK

eInstruction's Mobi mobile interactive whiteboard does more than a traditional interactive whiteboard at a fraction of the cost. Mobi is the first mobile interactive whiteboard designed to support student-centered active learning and give educators the mobility and flexibility to manage classes and deliver engaging lessons from anywhere in the room. With Mobi there's no need for a traditional interactive whiteboard. Enhance student-centered learning by combining Mobi with other interactive eInstruction technology. The Mobi KWIK (Know-What-I-Know) built-in color LCD screen instantly displays student responses when used with eInstruction's market-leading CPS student response systems. This dynamic feature expands a teacher's ability to differentiate instruction by privately viewing each student's response seconds after it is sent. Use Mobi by itself as a stand-alone whiteboard. Use up to nine simultaneously to interact with and contribute to the same lesson, creating a powerful collaborative learning environment for lessons and activities, even if you do not have a traditional interactive whiteboard. Includes a rechargeable battery, typically lasting 8 hours with normal use.

Order # 28540

Co-op Price: \$299.00

MSRP: \$458.85

Vendor: eInstruction

<http://www.einstruction.com/products/mobile-interactive-whiteboards/mobi-mobile-interactive-whiteboard>

### Mobi Student-Learner - eInstruction MobiLearner

Mobi Learners are also ideal for passing around the class so multiple students or small groups can provide direct input into a learning activity without having to leave their seats. Students can project responses to lessons onto any surface to help foster greater interaction and collaboration. Includes pen and charging cable

Order # 28550

### Mobi Docking Station - einstruction Mobi Docking Station

Used to dock and power Mobi Learner

Order # 28570

Co-op Price: \$149.00

MSRP: \$171.35

Vendor: einstruction

<http://www.einstruction.com>

### Software - einstruction Workspace Single User

Workspace is a powerful teaching program for the digital classroom. When used in concert with a Mobi View, Mobi, DualBoard, Pad or Panel, Workspace provides the means to interact with many forms and file types of digital content and truly connect with your students. As multiple einstruction solutions are in use, all software must be upgraded with the Spring 2011 Release versions. We recommend that you uninstall any Response, CPS, and/or Workspace applications prior to installing this updated software version. This will completely remove all instances of older device manager files and will help ensure optimal product performance. Workspace™ is compatible with Windows XP, Vista, and Windows 7.

Order # 28580

Co-op Price: \$212.00

MSRP: \$449.00

28720 Engaging Technologies, LLC

Why the MimioVote assessment system does it better for you: Track progress through instant feedback as well as scores tallied over time; Download student results into spreadsheets and lesson plans, for clear achievement records. Place handsets anywhere in the storage tray to renumber automatically. Ensure student accuracy, since only appropriate answer buttons light up. Choose teacher-led or self-paced testing. Count on excellent testing options for all grades. Easily import standard tests and publisher's content. Take advantage of the system's compatibility with Microsoft PowerPoint. Never replace batteries ever.

**Order # 28680**  
**Co-op Price: \$1837.47**

MSRP: \$2249.00

The MimioView document camera is fully integrated with MimioStudio software and the MimioTeach system, making it easier than ever to capture images and present them in your lessons. Enjoy effortless setup - just connect the camera to a USB port on your computer and you're ready to capture images. Forget about dealing with other power sources and wall cords. Annotate images, turn them into files, or save them for future use. Give presentations for students while they remain in their seats. Included: MimioStudio software; MimioView Camera 5.5x manual and 16x digital zoom, 1600 x 1200 optical resolution, Auto-focus and color balance, Freeze function, Microscope adapter; 2 adjustable LED light sources; 1 "micro-B" USB connector (3 meters /10 feet); Straight-edge alignment; Flexible gooseneck.

The MimioCapture ink recording system is the perfect accessory to MimioTeach technology. It allows you to save whiteboard notes and drawings to your computer as you teach, so your students are free to pay more attention and participate fully in class. Switch anytime between marker pens and the MimioTeach stylus, and the system will immediately recognize which tool you're using. Save, edit, and print your whiteboard notes for students anytime, in a variety of formats, including PDF, JPEG, and HTML. Add your students' drawings to your lessons on the fly. Convert your handwriting into font-based text in a document. Call up the same notes for multiple classes. Capture your notes for absent students. Use it without a projector. Requirements: MimioTeach bar, MimioStudio software (included with MimioTeach bar),

28960 Engaging Technologies, LLC

With a MimioPad wireless tablet, you can control your whiteboard from anywhere in your classroom. It comes with a wireless USB receiver that communicates automatically with the MimioTeach system. That means the simple MimioStudio toolbars and menus are the same for both products. Because you're free to move around, you can pay special attention to individual students and manage your classroom more effectively. And multiple tablets can be connected to one computer. Students love to take turns using a MimioPad tablet and click on the whiteboard without leaving their seats. Additionally, the system enables students with limited mobility to participate without going to the whiteboard.

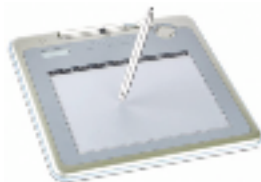

**Order # 28910**

**Co-op Price: \$323.37**

MSRP: \$399.00

### Activslate60 - Promethean Activslate60

Pricing for this product is for Iowa Customers only.  
ActivSlate makes dynamic, interactive classroom experiences everyday occurrences by giving anyone who wishes to participate control of the ActivBoard from anywhere in the ActivClassroom. A wireless, fully integrated, notebook-sized tablet, ActivSlate uses the same ActivPens as our ActivBoard, is small enough to sit on a student desk, and is light enough to be carried into any discussion.

### ActivPanel - Promethean APANEL21

Pricing for this product is for Iowa Customers only.  
The ActivPanel 21 offers the latest advancements in 'desktop' interactive display technology, including full HD resolution in widescreen format, and provides an interactive solution for spaces that may be too large for an interactive whiteboard. Such spaces include large classrooms, assembly halls and lecture theatres. ActivPanel is also proven to offer educators an interactive solution to fulfil some special education needs. Whilst interactive whiteboards enable most students to interactively participate in lessons, the ActivPanel can enable some students who do not have the physical ability to use an interactive whiteboard to participate too.

### Activtablet - Promethean PRM-PREPAD-USB

Pricing for this product is for Iowa Customers only.  
ActivTablet, a portable, pen-driven interface that allows educators to create with ActivInspire just as they would in front of the ActivBoard. Plug ActivTablet into a laptop or desktop computer running ActivInspire software, and its pressure-sensitive surface acts just like the larger surface of our ActivBoard. Just use the included battery-free wireless pen to perform any of ActivInspire's functions, then pack everything up and move on to the next destination—the ActivClassroom now travels light.

### ActivWand - Promethean PRM-ActivWand-UPG

Pricing for this product is for Iowa Customers only. The ActivWand works is available for existing ActivBoards (ActivBoard 64, 78, 87, 95). ActivWand places inclusion within reach by putting a long, mouse-enabled pointer in the hands of those who most need it. With its ergonomic handle and intuitive "click," hover and rollover functions, ActivWand works just like a mouse and just like our ActivPen just with a little more reach. Twenty-one inches of reach, to be exact. Enough for even the smallest learner to touch the top of the ActivBoard, plenty for differentlyabled students to fully participate, and even adequate for seated teachers to control the board with ease.

### ActivExpression 2 - Promethean AE2KIT32AMEU 32 Pack

Pricing for this product is for Iowa Customers only. Real-time personalized instruction: Self-Paced Promethean ActivExpression 2 promotes classroom collaboration by allowing students and teachers to immediately view responses and to discuss them during the lesson. Newly enhanced device comes with a backlight screen that clearly displays responses and is designed to resemble a smart phone, creating instant familiarity and usability. QWERTY keyboard allows for complex responses beyond simple multiple-choice. Users can reply in full-sentences as well as in numbers, symbols, equations, fractions, true/false, Likert scales and more. Express Poll and Wonderwheel "floats" over most computer applications including web browsers, Microsoft Word and Microsoft Excel. Exceptional battery life will last for a full school year without having to change the battery. Contact our Haddock representative for more information or if you have questions.

**ActivHub - Promethean AH201**

Pricing for this product is for Iowa Customers only.  
ActivHub is a specially designed USB device that enables wireless connectivity for the new ActivBoard Range through Promethean's ActivAir RF technology. Like Bluetooth, ActivAir "channel hops" to avoid interference, and operates in the same highly regulated and globally approved 2.4Ghz frequency (with a range of 100 metres in free space). Because ActivAir is Promethean's own technology, risk of interference from other devices is significantly less than with Bluetooth or other similar devices. ActivAir also enables simultaneous use of multiple Learner Response devices and handheld telepointing peripherals such as ActivSlates through a single computer connection. Note: ActivHub is not supplied with ActivBoards but existing 2.4 ActivHubs may be used (supplied with other Promethean products) or a Wireless Upgrade Pack can be purchased.

**ActivArena50 Upgrade pack - Promethean ARAPEN4AC2**

Pricing for this product is for Iowa Customers only.  
With ActivArena, students and teachers can assemble and contribute together. It's two people and two pens toward an endless environment of collaboration. ActivArena turns our ActivBoard into an impromptu gathering point or a tutor's corner for one-on-one help sessions—all under the instructor's control. Teachers can choose to activate and deactivate the "intelligent" student pen. The idea revolutionizes interactive whiteboard technology, allowing two students to teach each other or students and teachers to work together—exponentially enriching the learning experience and enhancing the possibilities of every single lesson.
